Do you support MS SQL Profiler?

*Authored by: **ASPHostServer Administrator** [asphostserver@gmail.com]*
Saved From: http://faq.asphosthelpdesk.com/article.php?id=140

Please be advised that in order to run SQL Profiler, we need to grant you a *sysadmin* role. Since this is a shared database server,this is not something we can grant you.

We can grant you this role only if you are our dedicated server client. If you are interested with our dedicated server, please advise and we will send you a quotation.
