## How can I enable ASP.NET MVC framework on your Control Panel?

Authored by: ASPHostServer Administrator [asphostserver@gmail.com]

Saved From: http://faq.asphosthelpdesk.com/article.php?id=95

Please be advised that ASP.NET MVC has been installed directly on all our servers. This means that this framework has been enabled by default on our Control Panel. You will not see any option to enable ASP.NET MVC framework on our Control Panel.
